

## Group Therapist

Make a lasting impact. Join a team that celebrates culture, community, and healing.

Sista Afya Community Care is a growing nonprofit committed to providing affordable, culturally-centered mental wellness care for women and girls in the Chicagoland area. Through our Thrive in Therapy program, we've served hundreds of women and girls navigating multiple barriers to mental health care with compassion, skill, and intention.

We are currently hiring a dedicated Master's-level Social Worker or Counselor to join our team and provide trauma-informed, adult and teen group therapy services. This role blends the flexibility of remote work with the deeply personal impact of in-person community care.

**Learn more about us:** <http://www.communitycare.sistaafya.com/>

### What You'll Do

- Lead 4 therapeutic group sessions for adults and teens addressing various mental health concerns (anxiety, depression, trauma, social skills, etc.).
- Manage complex group dynamics typical of adolescent populations
- Create a safe, non-judgmental space that encourages teen participation and engagement
- Facilitate psychoeducational groups and process-oriented therapy groups
- Adapt therapeutic interventions to meet diverse developmental and cultural needs
- Maintain comprehensive group notes and individual progress documentation
- Complete all required clinical documentation within established timeframes
- Ensure compliance with confidentiality laws and adolescent consent requirements
- Participate in clinical supervision and case consultation
- Follow mandated reporting protocols for minors
- Communicate appropriately with parents/guardians regarding group participation

### What You Bring

- Master's Degree in Social Work or Counseling (required).
- LSW/LPC or LCSW/LCPC (preferred but not required).
- 2+ years of experience serving under-served communities.
- 1+ year of post-graduate clinical experience, with proven ability to manage a caseload of 10+.
- Skilled in treating mood disorders, anxiety, trauma, and stress-related conditions.
- Experience using EHR software for notes, assessments, and treatment plans.

### **Group Therapist**

- Availability for in-person sessions once a week in Bronzeville and three evening shifts per week.

### **Why Join Sista Afya Community Care?**

- Mission-driven work rooted in culturally-responsive care and social justice.
- Clinical supervision toward full licensure.
- Wellness perks: Staff appreciation events, retreats, and professional development.
- Opportunities to facilitate groups, workshops, and training.
- Supportive, collaborative, and deeply affirming team culture.
- Potential to continue providing additional group and individual therapeutic services.

### **Job Type & Compensation**

- Hybrid - (75%) Virtual and (25%) In-person, at our location in Bronzeville, Chicago, IL
- \$35 -\$40/hour for clinical documentation and program planning.
- Part-Time, Employee 10 - 15 hours per week
- 5 PTO Days, 5 Sick Days
- \$250 Professional Development Stipend
- Candidates must live in the Chicago area or nearby suburbs.

**Start Date:** Immediate, March 23, 2026

### **Ready to Join a Movement in Mental Wellness?**

Apply today and bring your compassion, expertise, and commitment to a team that's making therapy accessible, affirming, and sustainable for Black women in our communities.
